Team-102

Target programming language to check plagiarism – **Python**

SPRINT NUMBER	PLAN START DATE	PLAN END DATE	PLAN DURATION (DAYS)	DELIVERABLE
1	1/19/2018	2/2/2018	14	1. Project Plan 2. Use case document 3. Mock ups
2	2/2/2018	2/9/2018	7	1. Project Design (UML)
3	2/9/2018	2/20/2018	11	1. Set up Dev Environment 2. Design Database model
4	2/20/2018	2/27/2018	7	1. Design Register module 2. Design Login module 3. Design Logout module 4. Perform normalization on both Source and Target files
5	2/27/2018	3/6/2018	7	1. Design Student Landing page and other navigation options 2. Design Admin Landing Page and other navigation options 3. Implement Core Plagiarism Algorithm Phase 1
6	3/6/2018	3/13/2018	7	1. Design Landing page for Professor 2. Design Review Plagiarism Summary page 3. Implement Core Plagiarism Algorithm Phase 2
7	3/13/2018	3/20/2018	7	1. Design Detail report page for Professor 2. Algorithm prototype testing 3. Get User feedback
8	3/20/2018	3/27/2018	7	1. Implement user suggested changes if any 2. Integration and Regression testing of the entire prototype
9	3/27/2018	4/3/2018	7	1. System Benchmark testing
10	4/3/2018	4/14/2018	11	1. Final Usability testing 2. Document Project report
